

Cut costs, boost quality with single-source component building.

INTEGRATED EXTERNAL SYSTEMS TRIM • RAILING • DOORS • WINDOWS • SKYLIGHTS • ARCHITECTURAL MILLWORK

Introducing Integrated Exterior Millwork from Annandale.

Now, even the most complex projects can be virtually glitch-free. Integrated systems from Annandale help you build smarter, faster, and more cost-effectively. Here's why:

- » **High Standards.** We use computer-aided design and a state-of-the-art, laser-guided manufacturing process.
- » **Certified Installers.** Window, door and skylight installers are certified by InstallationMaster™ and the AAMA.
- » **Integrated Supply and Install.** You gain the efficiency of a one-stop vendor, with unprecedented synergy between manufacturing elements and project coordination. Components are delivered in sequence and installed by our team.
- » **Economy.** Save time, reduce labor costs, waste, loss and theft. We manage material on your site.
- » **Customization.** We construct all residential and commercial millwork to exact builder specifications.
- » **Architectural Design.** We offer specialty millwork for residential and commercial projects.
- » **Teamwork.** "Value Engineering" is part of our service. Talk to a licensed contractor who speaks your language and can help you troubleshoot your project to find potential savings. We offer detailed, itemized proposals and proposal review sessions.
- » **Environmental Friendliness.** We buy high-quality lumber from mills that use industry grade stamped spruce pine fir and subscribe to the Sustainable Forest Initiative.

You have options. From trusses to trim work, Annandale Millwork/Allied Systems can supply all essential building systems. Please call us to discuss the possibilities.

The sky is the limit when it comes to project complexity. Our laser-guided process means your roof trusses are fit precisely to architectural drawings.

Pulte, Richmond American, Centex, Lennar, D.R. Horton and Mercedes Homes depend on us for quality integrated internal systems.
